1. INTRODUCTION

Safeguarding is defined as protecting children from maltreatment, preventing impairment of health and/or development, ensuring that children grow up in the provision of safe and effective care and taking action to enable all children to have the best life chances.

This Child Protection Policy forms part of a suite of documents and policies which relate to the safeguarding responsibilities of the school.

In particular this policy should be read in conjunction with the Safeguarding Policy, Recruitment Policy, Behaviour Policy, Physical Intervention Policy, Anti-Bullying Policy, Children Missing in Education Policy, Code of Conduct, E-safety Policy and ICT Acceptable Usage Policy.

Purpose of a Child Protection Policy

To inform staff, parents, volunteers and governors about the school's responsibilities for safeguarding children. To enable everyone to have a clear understanding of how these responsibilities should be carried out.

Bradford Safeguarding Children Board Inter-agency Child Protection and Safeguarding Children Procedures

The school follows the procedures established by the Bradford Safeguarding Children Board; a guide to procedure and practice for all agencies in Bradford working with children and their families.

School Staff & Volunteers

All school staff have a responsibility to provide a safe environment in which children can learn.

School staff and volunteers are particularly well placed to observe outward signs of abuse, changes in behaviour and failure to develop because they have daily contact with children.

All school staff will receive appropriate safeguarding children training which is updated annually, so that they are knowledgeable and aware of their role in the early recognition of the indicators of abuse or neglect and of the appropriate procedures to follow. In addition all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

Temporary staff and volunteers will be made aware of the safeguarding policies and procedures by the Designated Senior Person-including Child Protection Policy and staff behaviour policy (code of conduct)

Mission Statement

Establish and maintain an environment where children feel secure, are encouraged to talk, and are listened to when they have a worry or concern.

All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.

Establish and maintain an environment where school staff and volunteers feel safe, are encouraged to talk and are listened to when they have concerns about the safety and well-being of a child.

Ensure children know that there are adults in the school whom they can approach if they are worried.

Ensure that children, who have additional/unmet needs are supported appropriately. This could include referral to Early Help services or specialist services if they are a child in need or have been / are at risk of being abused and neglected.

Consider how children may be taught about safeguarding, including online, through teaching and learning opportunities in PSHE and as part of providing a broad and balanced curriculum.

Staff members working with children are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned. When concerned about the welfare of a child, staff members should always act in the interests of the child.

Implementation, Monitoring and Review of the Child Protection Policy

The policy will be reviewed annually by the governing body. It will be implemented through the school's induction and training programme, and as part of day to day practice. Compliance with the policy will be monitored by the Designated Senior Person.

2. STATUTORY FRAMEWORK

In order to safeguard and promote the welfare of children, the school will act in accordance with the following legislation and guidance:

As an employer we comply with the “Disqualification under the childcare act 2006” guidance issued in February 2015.

Working Together to Safeguard Children (DfE 2015) requires each school to follow the procedures for protecting children from abuse which are established by the Bradford Safeguarding Children Board.

Schools are also expected to ensure that they have appropriate procedures in place for responding to situations in which:

- (a) a child may have been abused or neglected or is at risk of abuse or neglect
- (b) a member of staff has behaved in a way that has, or may have harmed a child or that indicates they would pose a risk of harm.

3. THE DESIGNATED SENIOR PERSON

N.B. Keeping Children Safe in Education, DfE 2016

refers to this role as Designated Safeguarding Lead - DSL

The Governing body will ensure that the school designates an appropriate senior member of staff to take lead responsibility for child protection. This person will be a member of the senior leadership team and be able to carry out the duties of the post including committing resources and, where appropriate, supporting and directing other staff.

During term time the designated safeguarding lead and or a deputy will always be available for staff in the school to discuss any safeguarding concerns.

- Ensure they have details of the LAC's social worker and the name of the virtual school Head Teacher in the authority that looks after the child.

➤ **Training**

The Designated Senior Person will undergo formal training every two years. The DSP will also undertake Prevent awareness training. In addition to this training, their knowledge and skills will be refreshed (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments) at least annually to:

1. Understand the assessment process for providing early help and intervention, for example through locally agreed common and shared assessment processes such as early help assessments

2. Have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
3. Ensure each member of staff has access to and understands the school's Safeguarding and Child Protection Policy and procedures, especially new and part time staff

- Ensure the school's safeguarding and child protection policy is reviewed annually and the procedures and implementation are updated and reviewed regularly.
- To ensure all staff in school are aware of the signs and symptoms of abuse and must be able to respond appropriately. Training is provided regularly with separate training to all new staff on appointment. The DSL will attend annual training to enable them to fulfil their role.
- Ensure the safeguarding and child protection policy is available publicly and parents are aware of the fact that referrals about suspected abuse or neglect may be made and the role of the school in this.
- Link with the Bradford Safeguarding Children's Board (BSCB) to make sure staff are aware of training opportunities and the latest local policies on safeguarding.
- Where children leave the school, ensure the file for safeguarding and any child protection information is sent to any new school as soon as possible but transferred separately from the main pupil file.
- Schools should obtain proof that the new school/education setting has received the safeguarding file for any child transferring.

4. THE GOVERNING BODY

The governing body must ensure that they comply with their duties under legislation. They must also have regard to this guidance to ensure that the policies, procedures and training in school is effective and complies with the law at all times.

The nominated governor for child protection is:

Mrs Sultana

The responsibilities placed on the governing body include:

- Ensure that school adopts “recruitment procedures that help deter, reject or identify people who might abuse children”.
- their contribution to inter-agency working, which includes providing a coordinated offer of early help when additional needs of children are identified
- To ensure that an effective Child Protection Policy is in place, together with a Staff Behaviour Policy
- ensuring staff are provided with Part One of Keeping Children Safe in Education (DfE 2016) including Appendix 1 and are aware of specific safeguarding issues
- ensuring that staff induction is in place with regards to child protection and safeguarding
- appointing an appropriate senior member of staff to act as the Designated Senior Person.
- ensuring that all of the Designated Senior Persons (including deputies) should undergo formal child protection training every two years and receive regular (annual) safeguarding refreshers (for example via e-bulletins, meeting other DSPs, or taking time to read and digest safeguarding developments)
- prioritising the welfare young people and creating a culture where staff are confident to challenge senior leaders over any safeguarding concerns
- **ensuring** that children are taught about safeguarding in an age appropriate way
- ensuring appropriate filters and appropriate monitoring systems are in place to safeguard children from potentially harmful and inappropriate online material.

5.THE HEAD TEACHER

The Head Teacher ensures that:

- the policies and procedures adopted by the Governing Body are followed by all staff
- this policy is updated annually, and is available publicly via the school website and as a hard copy
- sufficient resources and time are allocated to enable the designated person and other staff to discharge their responsibilities including taking part in strategy discussions and other inter-agency meetings, and to contribute to the assessment of children and young people
- all staff and volunteers feel able to raise their concerns about poor and unsafe practice in regard of children, and such concerns are addressed in a timely manner in accordance with agreed policies.

6.SAFER RECRUITMENT

The statutory guidance states it is vital schools adopt “recruitment procedures that help deter, reject or identify people who might abuse children”.

Holycroft Primary School has a written recruitment and selection policy and procedure in place. Relevant people in school have undertaken ‘Safer Recruitment Training’ Please see recruitment policy for further detail.

7.WHEN TO BE CONCERNED

A child centred and coordinated approach to safeguarding:

Safeguarding and promoting the welfare of children is **everyone’s responsibility**. In order to fulfil this responsibility effectively, all professionals will make sure their approach is **child centred**. This means that they will consider, at all times, what is in the best interests of the child.

All adults at Holycroft form part of the wider safeguarding system for children. This system is based on the principle of providing help for families to stay together where it is safe for the children to do so, and looking at alternatives where it is not, whilst acting in the **best interests** of the child at all times.

Children who may require early help

Early Help is Bradford's programme of early help services for families.

All staff will be aware of the 'Early Help' process, and understand their role in identifying emerging problems, sharing information with other professionals to support early identification and assessment of a child's needs. It is important for children to receive the right help at the right time to address risks and prevent issues escalating. This also includes staff monitoring the situation and feeding back to the Designated Senior Person any ongoing/escalating concerns so that consideration can be given to a referral to Children's Services (Safeguarding and Specialist Services) if the child's situation doesn't appear to be improving.

Staff and volunteers working within the school should be alert to the potential need for early help for children also who are more vulnerable. For example:

- Children with a disability and/or specific additional needs.
- Children with special educational needs.
- Children who are acting as a young carer.
- Children who are showing signs of engaging in anti-social or criminal behaviour.
- Children whose family circumstances present challenges, such as substance abuse, adult mental health or learning disability, domestic violence
- Children who are showing early signs of abuse and/or neglect.

School staff members will be aware of the main categories of maltreatment: **physical abuse, emotional abuse, sexual abuse and neglect**. They will also be aware of the indicators of maltreatment and **specific safeguarding issues** so that they are able to identify cases of children who may be in need of help or protection.

See Appendix 4 for information on indicators of abuse and Appendix 1 for specific safeguarding issues.

Children with Special Educational Needs and Disabilities:

Additional barriers can exist when recognising abuse and neglect in this group of children.

This can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's impairment without further exploration
- Assumptions that children with SEN and disabilities can be disproportionately

impacted by things like bullying- without outwardly showing any signs

- Communication barriers and difficulties
- Reluctance to challenge carers , (professionals may over empathise with carers because of the perceived stress of caring for a disabled child)
- Disabled children often rely on a wide network of carers to meet their basic needs and therefore the potential risk of exposure to abusive behaviour can be increased
- A disabled child's understanding of abuse
- Lack of choice/participation
- Isolation

Peer on peer abuse

School will also assess and manage the risk that a child may pose to themselves and others in school.

If one child or young person causes harm to another, this will not necessarily be dealt with as abuse. When considering whether behaviour is abusive, it is important to consider:

- Whether there is a large difference in power (for example age, size, ability, development) between the young people concerned; or
- Whether the perpetrator has repeatedly tried to harm one or more other children; or
- Whether there are concerns about the intention of the alleged perpetrator.

Peer on peer abuse can manifest itself in many ways and different gender issues can be prevalent. Severe harm may be caused to children by abusive and bullying behaviour of other children, which may be physical, sexual or emotional and can include gender based violence/ sexual assaults, sexting, peer-on-peer exploitation, sexual bullying or harmful sexual behaviour.

The UK Council for Child Internet Safety (UKCCIS) Education Group has recently published new guidance about sexting for schools and colleges.

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/55157/5/6.2439_KG_NCA_Sexting_in_Schools_WEB__1_.PDF

Any peer on peer allegation will be referred to the Designated Safeguarding Person immediately. Where a concern regarding peer on peer abuse has been disclosed to the Designated Safeguarding Person advice and guidance will be sought by Children Social Services. If a young person's behaviour negatively impacts on the safety and welfare of other children then safeguards will be put in place to promote the well-being of the young people affected. The victim and the perpetrator will be provided with support to prevent any reoccurrence of improper behaviour.

Looked After Children(LAC)

A child who is being looked after by their local authority is known as a child in care. They might be living:

- With foster parents
- At home with their parents under the supervision of social services
- In residential children's homes
- Other residential settings like schools or secure units

The Governing Body will designate a member of staff(Designated Teacher) to have responsibility for promoting the educational achievement of Looked After Children.

Previously Looked After Children

The Governing Body will designate a member of staff (Designated Teacher) to have responsibility for promoting the educational achievement for previously Looked After Children. These children have ceased to be looked after by the local authority as a result of:

- A Child Arrangements Order
- A Special Guardianship Order
- An Adoption Order

Designated Teacher

The school's Designated Safeguarding Person Hannah Hurd, is also the designated teacher for looked after children. Her role is to promote the educational achievement of children who are looked after. She has received training to support for his role.

Virtual Head

Each local authority has a Virtual School Headteacher who is responsible for the progress of all children in the local authority area. The designated teacher liaises with the virtual school head to discuss how additional funding can best be used to support the progress of looked after children in the school and meet the needs identified in the child's personal education plan.

8. DEALING WITH A DISCLOSURE

If a child discloses that he or she has been abused in some way, the member of staff / volunteer should:

- Listen to what is being said without displaying shock or disbelief
- Accept what is being said
- Allow the child to talk freely
- Reassure the child, but not make promises which it might not be possible to keep
- Never promise a child that they will not tell anyone - as this may ultimately not be in the best interests of the child
- Reassure him or her that what has happened is not his or her fault
- Stress that it was the right thing to tell
- Listen, only asking questions-only ask what why etc
- Not criticise the alleged perpetrator
- Explain what has to be done next and who has to be told
- Make a written record (see Record Keeping)
- Pass the information to the Designated Senior Person without delay

Support

Dealing with a disclosure from a child, and safeguarding issues can be stressful. The member of staff/volunteer should, therefore, consider seeking support for him/herself and discuss this with the Designated Senior Person.

If a school staff member receives a disclosure about potential harm caused by another staff member, they should see section 13 of this policy– *Allegations involving school staff/volunteers.*

9. RECORD KEEPING

All concerns, discussions and decisions made and the reasons for those decisions should be recorded in writing. If in doubt about recording requirements staff should discuss with the Designated Safeguarding Person.

When a child has made a disclosure, the member of staff/volunteer should:

- Record as soon as possible after the conversation
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child
- Record statements and observations rather than interpretations or assumptions

All records need to be given to the Designated Senior Person promptly. No copies should be retained by the member of staff or volunteer.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

10. CONFIDENTIALITY

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in school.

- All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly the investigative agencies (Children's Services: Safeguarding and Specialist Services and the Police).
- If a child confides in a member of staff/volunteer and requests that the information is kept secret, it is important that the member of staff/volunteer tell the child in a manner appropriate to the child's age/stage of development that they cannot promise confidentiality – instead they must explain that they must pass information to other professionals to help keep the child or other children safe.
- Staff/volunteers who receive information about children and their families in the course of their work should share that information only within appropriate professional contexts.

11. SCHOOL PROCEDURES

Please see Appendix 3: What to do if you are worried a child is being abused : flowchart.

If any member of staff is **concerned** about a child he or she must inform the Designated Senior Person. The Designated Senior Person will decide whether the concerns should be referred to Children's Services. If it is decided to make a referral to Children's Services, this will be discussed with the parents, unless to do so would place the child at further risk of harm.

While it is the DSPs role to make referrals, any staff member can make a referral to Children's Services. If a child is in **immediate danger or is at risk of harm** (e.g. concern that a family might have plans to carry out FGM), a referral should be made to Children's Services and/or the Police immediately. Where referrals are not made by the DSP, the DSP should be informed as soon as possible.

If a **teacher** (persons employed or engaged to carry out teaching work at schools and other institutions in England) , in the course of their work in the profession, discovers that an act of Female Genital Mutilation (FGM) appears to have been carried out on a girl under the age of 18 the **teacher** must report this to the police. **This is a mandatory reporting duty.** See- Keeping Children Safe in Education (DfE 2016): Annex A for further details. All referrals should be made to the Initial Contact Point at Bradford Children's Services: 01274 437500(01274 431010 out of hours).

The member of staff must record information regarding the concerns on the same day. The recording must be a clear, precise, factual account of the observations.

Particular attention will be paid to the attendance and development of any child about whom the school has concerns, or who has been identified as being the subject of a child protection plan and a written record will be kept.

If a pupil who is/or has been the subject of a child protection plan changes school, the Designated Senior Person will inform the social worker responsible for the case and transfer the appropriate records to the Designated Senior Person at the receiving school, in a secure manner, and separate from the child's academic file.

12.COMMUNICATION WITH PARENTS

Holycroft Primary School will ensure the Child Protection Policy is available publicly either via the school website or by other means.

Parents will be informed prior to referral, unless it is considered to do so might place the child at increased risk of significant harm by:

- The behavioural response it prompts e.g. a child being subjected to abuse, maltreatment or threats / forced to remain silent if alleged abuser informed
- Leading to an unreasonable delay
- Leading to the risk of loss of evidential material

(The school may also consider not informing parent(s) where this would place a member of staff at risk).

The school will ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

13. ALLEGATIONS INVOLVING SCHOOL STAFF/VOLUNTEERS

An allegation is any information which indicates that a member of staff/volunteer may have:

- Behaved in a way that has, or may have harmed a child
- Possibly committed a criminal offence against/related to a child
- Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children

This applies to any child the member of staff/volunteer has contact within their personal, professional or community life.

What school staff should do if they have concerns about safeguarding practices within the school

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school's safeguarding arrangements.

Appropriate whistleblowing procedures, which are suitably reflected in staff training and the school's Code of Conduct, are in place for such concerns to be raised with the school's senior leadership team.

If staff members have concerns about another staff member then this will be referred to the Head Teacher. Where there are concerns about the Head Teacher, this will be referred to the Chair of Governors.

The Chair of Governors in this school is:

NAME: Mr Abbas Ali

CONTACT NUMBER: 07962 187 300

Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, allegations should be reported directly to the Local Authority Designated Officer (LADO). Staff may consider discussing any concerns with the Designated Senior Person if appropriate make any referral via them. (See Keeping Children Safe in Education: Part Four, DfE 2016, for further information).

The person to whom an allegation is first reported should take the matter seriously and keep an open mind. She/he should not investigate or ask leading questions if seeking clarification; it is important not to make assumptions. Confidentiality should not be promised and the person should be advised that the concern will be shared on a 'need to know' basis only.

Actions to be taken include making an immediate written record of the allegation using the informant's words – including time, date and place where the alleged incident took place, details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

The recipient of an allegation must **not** unilaterally determine its validity, and failure to report it in accordance with procedures is a potential disciplinary matter.

The Head Teacher/Chair of Governors will not investigate the allegation itself, or take written or detailed statements, but will assess whether it is necessary to refer the concern to the Local Authority Designated Officer:

If the allegation meets any of the three criteria set out at the start of this section, contact should always be made with the Local Authority Designated Officer without delay.

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

The Head Teacher will, as soon as possible, following briefing from the Local Authority Designated Officer, inform the subject of the allegation.

For further information see:

Bradford Safeguarding Children's board website-Allegations of Persons who work with children.

Where a staff member feels unable to raise an issue with their employer through the whistleblowing procedure or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them:

- Children's Services 01274 385617
- NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk
